A Journey of Love and Second Chances

**ADOPT A BEST FRIEND,
THE DOG ADOPTION
PORTFOLIO
JANUARY 2025**

Furkids by Nagham Badawi is an initiative that began in 2021 with Nagham Badawi's passion for rescuing dogs in need. What started as a single act of kindness has blossomed into a community-driven effort fueled by the dedication of volunteers and the support of caring individuals like you.

Over the years, our initiative has grown, and we've been able to extend our reach, both locally and internationally. Through the collective efforts of our team, we've had the privilege of rehoming or providing assistance to over 300 dogs, each finding their own path to a brighter future.

Currently, we're caring for more than 50 dogs, each with their own story and journey. But we want to make one thing clear - we're not a shelter in the traditional sense. Instead, we operate based on paid boarding and fostering, with the financial support coming from a group of genuine individuals who believe in our cause.

Located in Qatar, Furkids by Nagham Badawi is more than just a place for dogs - it's a beacon of hope and compassion, made possible by the love and dedication of our volunteers and supporters. Together, we're making a difference, one paw at a time.

General Guidline

HAVING A PET

Are you ready?

Having a pet can be one of the most rewarding experiences, where you're met with genuine love and form an eternal bond. However, it's crucial to ensure you're truly ready for the commitment.

Owning a pet means committing to their well-being for potentially over 15 years. It requires financial stability to cover medical expenses, potential relocations, and ensuring your accommodation is pet-friendly. Additionally, life changes such as marriage or having kids shouldn't lead to abandoning your furry friend.

Regular exercise is vital, with a minimum of two walks a day being necessary. While we provide behavior analysis for our dogs, many have experienced trauma, so being prepared to provide training and work with specialists is essential if behavioral issues arise.

We firmly believe that our dogs deserve to be part of a loving family and should live indoors, not relegated to the backyard or other outdoor arrangements. By adopting a pet, you're making a lifelong commitment to their happiness and well-being.

And trust us, the gratitude and happy moments that will be added to your life will be worth the effort you're making.

love

BRUNO

Furkids By Nagham Badawi

Hello, I'm Bruno ,
And I got a story to tell,,

Life took a rather adventurous turn for me and my buddy Loki. We were both dumped on a dog beach, but Loki was the more outgoing one. He'd play with all the dogs who came with their humans, but they'd all leave eventually, and it'd be just us two.

I preferred to stay in the background, hiding away until one day, fate had different plans. On that day, I summoned up the courage to join Loki and some other dogs for a playdate. Little did I know, a rescuer was on the scene, and she decided to rescue my brother Loki. He went right up to her, but I hung back, feeling a tad bit nervous.

I watched as she loaded Loki into her car, and I decided it was now or never. After about an hour, I mustered all my bravery and jumped right into the car with Loki. From that moment, I knew I'd found someone special, and we were in it together.

Sure, I might be a bit of a challenge at first, but once we build trust, I promise there's a whole lot of love I'm ready to give. I'm on the lookout for my forever home now, and I can't wait to be your loyal companion. 🐾❤️

MILO

Furkids By Nagham Badawi

Hi, my name is Milo.

I am 2 years old. When I was younger, I remember being tied to a tree with a bag of food under the scorching heat of the Doha sun. It was one of the hardest times of my life. But then, something wonderful happened. I was rescued and brought to a shelter home where I finally felt safe.

I made friends there, and for the first time, I felt like I belonged. But soon, one by one, all my friends were adopted. I was happy for them, but it was hard to be left behind. I stayed hopeful, though, because I know there's a family out there for me too.

People know me for my boundless energy and my loving nature. I can turn any dull moment into a fun adventure. I love playing fetch, cuddling, and just being around people. I have so much love and fun to offer. Please open your hearts and home to me. I promise to be a mischievous yet good boy, bringing joy and laughter into your life.

KHALI

Furkids By Nagham Badawi

Hello, I'm Khali,

My adventure began when I found myself in a residential area, abandoned and alone. The weather was scorching hot, and there was no food or water in sight. I felt disoriented and lost, desperately searching for help.

And then, something incredible happened. I came across a kind-hearted man who saw me and took me in. It was as if I knew he would be my savior. Although he didn't have a place for me initially, he couldn't bear to leave me in that state. So, he kept me safe in a clinic for months, where they had only a cold kennel but it was safer for me from streets and i had good care .

Eventually, he found me a foster home, a place where I could be with other dogs and experience the love of a caring people. But I have a dream that I hold close to my heart - the dream of having my very own bed, a place where I can feel safe and cherished.

My journey has been one of resilience and hope, and now I'm searching for that special someone who can provide me with a forever home and, most importantly, a comfy bed to call my own and they never dumbo me. Could you be the one to make my dream come true? 🐾❤️

MAX

Furkids By Nagham Badawi

Hello, I'm Max,
the puppy with a lot to share.

I was just four months old when my family left me all alone in a dog park during the holidays. Those were tough days. I spent two whole days there, hoping they'd come back for me.

But then, something wonderful happened. A kind lady found me and reached out to different rescuers. My life took a turn, and I found myself moving between different foster homes, not because of any fault of my own, until I finally found some stability.

Now, I'm in a foster home with lots of furry friends to play with, which is pretty cool. However, there's something missing. I yearn for a family that will love me, take me on walks, and let me run and play in the parks. I'm a sweet guy, full of energy, and I promise I'll shower you with heaps of love in return.

Could you be the one to make my dreams come true and provide me with that forever home I've been patiently waiting for? 🐾

Hello, I'm Lucky , 🐾❤️

My story began when my family dumped me. I found my way into a compound, and luckily, a kind family noticed me and took me in. Sadly, they had other dogs that didn't get along with me, so they handed me over to a rescuer. Thankfully, they're still looking out for me.

Now, I'm living with many rescued friends, but deep down, I hope to find a home of my own where I can be the center of attention. You see, us dogs don't have a long time on this Earth, and I really wish to spend the rest of my days surrounded by the love and care of a family that's truly mine. Could you be the one to make my dream come true?

Hello, I'm HOPE,
the mix Husky with cute face,,,,,

I've had quite an adventure! You see, I was once abandoned by my owner and left to fend for myself. Luckily, there was a kind lady who rescued me after long desperate days in the heat in the suburb area with neither food nor water, i was very skinny, dehydrated outdoor in the harsh hot weather... I was transferred to a nice villa of dogs and cats foster with other rescued dogs and immediately i made new friends especially my best friend Flic, a husky Boy, that i play a lot with him. I am a very dynamic dog love to play around with dogs, cats and kids also that live in our foster villa. I had a chance to be rescued as i transformed from a very scared dog to a happy and healthy one. Now, I'm eagerly looking forward to finding a forever home filled with love and care, just like the bond I share with my rescuer. 🐾

SIMBA

Hello, I am SIMBA!

and my story began in March 2023, when I found myself in quite a predicament. You see, my owner had tied me to a tree trunk in the middle of the street, all because he didn't want me to play or jump around. But playing was one of my absolute favorite things to do. One fateful day, I spotted a kind-hearted lady who used to put food out for the neighborhood cats. She had just returned from work, trying to park her car in front of her house. I couldn't contain my excitement, and I began to scream loudly, hoping she would hear me. And you know what? She did! She rushed over to where I was, and without hesitation, she freed me from that tree trunk.

My owner, with a heart as cold as ice, told her that he no longer wanted me, and that's when she made a decision that would change my life for the better. She took me under her wing and brought me to a veterinary clinic to ensure that nothing bad had happened to me.

From that day forward, my life took a turn for the brighter, and I've been surrounded by love and care ever since.

I'm currently in a foster home, surrounded by many doggy pals, which is nice, but I can't help but dream of having my very own forever love. Someone who will take me on long walks, letting me explore and sniff all the fascinating trees and corners, rather than just being tied to them. Will you be the one to make my dreams come true and give me that forever home I've been waiting for?

RHEA

Furkids By Nagham Badavi

Hello, I'm Rhea,

a dog with a big heart and a story to tell.

My journey began with a twist of fate. My mom, Hera, was rescued, and just ten days later, she surprised everyone by giving birth to me and my 10 siblings. She kept us hidden and safe, showing how fiercely she loved and protected us. Out of the 10 of us, 8 survived, and while 3 of my siblings have found their forever homes, the rest of us are still waiting at the boarding place.

Life in boarding can get lonely, and we often get overlooked because of our size. But here's a promise—the bigger we are, the more love we have to give!

I'm a mix of Turkish Shepherd and Saluki, which makes me unique and full of energy. I love being around humans and soaking up all the love and affection I can get. I might be the smallest and sweetest of my siblings, but my heart is just as big.

Now, I'm dreaming of a family that will take me on adventures, shower me with cuddles, and give me the love I've been patiently waiting for.

Could you be the one to make my dreams come true and give me the forever home I deserve? 🐾

Everyone who meets me says I'm beautiful—inside and out! I'm full of energy, and I love to hug you and jump on you with excitement. HERMES

Furkids By Nagham Badawi

Hello, I'm Hermes,

the biggest and strongest of my siblings, always ready for an adventure!

My story began with my mom, Hera, a Turkish Shepherd mix, and my dad, a Saluki mix. When Mom was rescued, she surprised everyone by giving birth to me and my 10 siblings just ten days later. She even kept it a secret from the vet, showing how much she wanted to protect us.

Out of the 10 of us, 8 survived, and 3 of my siblings have already found their forever homes. But my sisters Maia, Rhea, and brothers cearus and arus and I are still waiting at the boarding place. People often overlook us because of our size, but here's the truth—the bigger we are, the more love we have to give!

I'm full of energy and always up for a challenge. I love being around people and thrive on their affection. My adventurous spirit drives me to explore and have fun, and I'd love nothing more than to share that joy with a family of my own. I'll admit, I have a playful streak and can't resist chasing cats—it's just so much fun!

Could you be the one to see past my size and give me the forever home I've been dreaming of? I promise to fill your life with love, loyalty, and plenty of laughs. 🐾❤️

Hello, I'm Arus,

the fluffiest and lightest-colored of my brown siblings, with a heart as soft as my fur!

My story began when my mom, Hera, a Turkish Shepherd mix, was rescued and surprised everyone by giving birth to me and my 10 siblings just ten days later. My dad, a Saluki mix, passed down his sleek and graceful traits, but I'm proud to say I stand out with my fluffy coat and unique coloring.

Out of 10 puppies, 8 of us survived. Three of my siblings have already found their forever homes, but I'm still waiting here at the boarding place with Maia, Rhea, and Hermes. People often overlook us because of our size, but I promise the bigger we are, the more love we have to share.

I'm a gentle and affectionate soul who loves nothing more than snuggling up with my humans. But when I see a cat, my inner adventurer comes out—I can't resist the thrill of a good chase! It's my way of saying I'm always ready for some excitement.

Now, I'm dreaming of a family who will love me for my fluffy charm, adventurous spirit, and all the affection I have to give. Could you be the one to bring me home? 🐾❤️

My story started just like my siblings Maia, Rhea, Hermes, and Arus. Our mom, Hera, was rescued, and only ten days later, she surprised everyone by giving birth to me and my 10 siblings. I might be big, but I don't let that stop me from climbing into your lap every chance I get. I love to snuggle, cuddle, and soak up all the love I can. If you're looking for a loyal companion who will never leave your side, I'm your guy.

People sometimes overlook me because of my size, but I promise that the bigger I am, the more love I'll have to give. My heart is as big as my body, and I'm ready to share it with a family who will love me back.

Furkids By Magham Badawi

Hello, I'm Patches, 🐾❤️

My last beach adventure turned into an unexpected chapter of abandonment. My family took me to the beach, and I eagerly anticipated a day filled with joy and sun-soaked fun. However, my excitement turned to shock when they left me alone in the sand.

Days passed, and I waited, hoping they would return, but they never did. I found solace in playing with the dogs that visited the beach with their families. However, the joy was fleeting as they all left, leaving me alone to sleep on the cold sand at night.

One day, a kind soul appeared with his dogs, and I found a new sense of belonging. He couldn't bear to leave me behind, and so he took me in. Now, I'm surrounded by many new friends, eagerly awaiting a family that will not only take me to a real beach day and give me bath me when we're home. Could you be the one to make my dreams of a loving family come true? 🏠🐾❤️

hi i am lusail

a gentle soul with a story of survival and hope.

I used to live in a construction site in Lusail with my friends. We had each other, and even though life wasn't easy, we made it work. But one by one, my friends were trapped and taken by the municipality. I was so afraid that I kept my distance and stayed hidden.

For a whole year, I lived alone. A kind lady brought me food every day, but I was too scared to come close. Without my friends, I had no one to play with, and my days felt long and lonely.

Now, I'm in a boarding place, and though I get along with the other dogs, I don't play with them. I'm still learning to trust humans again after everything I've been through. It's a slow process, but I'm getting there. Food is my biggest comfort, and if you have a treat, I'll happily come to you!

I'm very calm by nature and believe a quiet, peaceful home would help me thrive. With time, patience, and love, I know I can learn to trust fully and show you just how special I am. I'm in the most need of a forever home where I can feel safe, loved, and start to truly heal. Could you be the one to give me that chance? I promise to be a gentle and loving companion, grateful for every moment of kindness you share. 🐾❤️

Hi, I'm Lucy!

My story began when I was just a puppy. I was bought by a family along with my brother " Pixel", but from the age of 2 months to one year, I was tied in the courtyard. During this time, I developed a severe eye infection that wasn't treated, which led to my blindness.

Despite this, I assure you, I am very smart! I've learned how to walk next to you and sit on command. With a bit of patience, I can learn very quickly. I can even learn the layout of the house so I won't bump into anything. You will be surprised by my capabilities.

I get very attached to my human and absolutely love cuddling and giving kisses. I'm very gentle with everyone I meet and try to play with other dogs, too. I just need a chance to have a loving home. It wasn't my fault that I became blind, and if I had a choice, I would have gone to the vet myself to be treated.

I hope to find a heart that can see my real soul, beyond my disabilities.

Lucy

Hi, I'm Pixel!!

Just like my sister Lucy, I was bought by a family when I was a puppy. From the age of 2 months to one year, we were tied in the courtyard. While Lucy lost her sight due to an untreated eye infection, I remained healthy and strong.

I am a Belgian Malinois, and I'm known for my intelligence and agility. I'm super smart and can learn new commands and tricks very quickly. I need a family who is willing to use my intelligence and train me properly. I am super active and love to play. I thrive on physical and mental stimulation, so I need a home that can keep up with my energy levels.

Even though my sister and I had a tough start, I am full of potential and ready to find a loving home that will appreciate my abilities and give me the opportunity to shine.

If you're looking for a loyal, smart, and energetic companion, I might just be the perfect match for you.

Hi, I'm Bentley!

I was abandoned in a small park between two main streets. I was so scared that I stayed there for two days without moving or eating. Some kind people gave me water, but no one tried to help because they thought I was paralyzed and worried about the medical costs.

Then, Furkids heard my story and saw all the people sharing my stories with no one helping me they took me in. The moment I got into the car, I stood up, and at the clinic, I was walking normally. It turns out I was just too afraid and waiting for my previous family to come back and nothing wrong with my health .

Now, I'm with my siblings, and I am really gentle and sweet. I love to follow you. I'm always ready to brighten your day with my wagging tail and loving nature. I'm looking for a loving home where I can feel safe and cherished, and where I can finally have my own family to love and protect.

Please give me a chance to be part of your family. I promise to fill your life with joy and unconditional love.

Love,
Bentley

Hi, I'm Kyo!

Hi, I'm Kyo. My brother Gio, our friend Beau, and I were dumped in front of a boarding shelter, and we were so confused. We huddled under some bushes, not knowing where to find food or water. The sun was blazing down on us, and with cars zooming by, it felt like everything was closing in. As huskies, we can't handle the heat well, and it felt like my skin was melting.

Then, Nagham drove by on her way to the shelter and saw us. She stopped and took us all in. Now, I'm hoping to find a forever home where I won't be abandoned again. The thought of ending up back on the street scares me, and I hope that won't happen.

We all are sad to be apart, but we know it's for the best. So now, I'm asking: will you be my person?

Hi, my name is Chloé

I was dumped in the street with my 2 puppies Kyo&Gio (rescued by Furkids 2 weeks before me) left without home, food or water, in a very harsh weather to survive for a husky...

One kind lady offered me some water and food and tried to keep me inside her backyard but her cruel neighbors were too harsh on me they even beated me and abused me for 2 days i stayed at her place, wanting me out of their backyard...untill Furkids team heard about me and came right away to rescue me the same day!

I'm a very sweet and tender, peaceful and get on well with cats, dogs and especially human. I love cuddling and playing, i have a lot of reserved love to share with my new family, and hope to be loved back and cared for...Will you give me a second chance in life after all i have been through and be my new forever loving family? Hi, I'm Freddie! 🐾❤️

I was dumped in the desert by my irresponsible owner, left to fend for myself without anyone knowing I was there. During the search for my friend Patrick, who was also abandoned, the Furkids team stumbled upon me lying in the scorching heat, suffering from heatstroke.

I was literally saved by just 30 minutes between me and death, as Huskies like me can't handle extreme temperatures—especially in August when it soared above 45 degrees Celsius here in Qatar.

Luckily, the kind-hearted team rescued me just in time! I'm super friendly and playful! After my rescue, I can't express how grateful I am for the second chance at life. I'm a passionate dog who loves being close to humans. I adore cuddling, playing with both people and other dogs, and bringing joy to everyone around me.

If you're looking for a fun, happy dog to brighten your days and fill your life with love, then pick me! I promise to love you forever! ❤️

Hi, my name is Buddy

I am 1 year old. When I was younger, I remember being left by my owners in the scorching summer heat of Doha, with a rope cable-tied around my neck as a collar. It was so scary to be left alone until something wonderful happened. I was rescued and brought to a foster home where I finally felt safe.

I settled down there, and for the first time, I felt like I belonged. My new owners looked after me and started training me and I have been picking up basic commands pretty well. I am still learning manners and need a patient owner to help me learn even more. I know there's a family out there for me too.

I get on well with slightly older kids but am still a little excitable for very young ones. I have my full throttle moments and need some exercise everyday. I love playing fetch and just being around people. I have so much love to offer. Please open your hearts and home to me. I promise to be a good boy and will respond well to a calm owner who will take time to teach me the right way to behave.

I was found the street of Doha, desperate and so sadly in pain with a big hole in my pelvis, a shattered bone, and several wounds on my face and body. I am currently under care at the clinic and i am betrayed and sad by my owner who abandoned me and left me all alone. Thank God i was rescued because all the team at the Vet and Furkids took care of me and made me feel better and pushed me to walk again and gave me hope to continue my life and look forward for love, care and maybe a second chance to have a real family to love me unconditionally and never give up on me...

I promise to do my best and get back in shape again fast and if you can give me this chance, i will never let you done, i will love you and care for you forever...

Please give me this chance, i really need it after all i have been through...

MIRA HOPE

Furkids By Nagham Badawi

Hello, I'm Mira Hope,

a true example of resilience and hope. ✨❤

My story began in a local park where I was found, broken and alone. I had been hit by a car and dragged myself until I couldn't move anymore. Some kind tourists saw me and spent two hours begging for help, but no one stepped forward. With a broken front leg and badly damaged hips, I felt completely abandoned. But then, someone became my voice and refused to leave me behind. Thanks to their kindness and my amazing foster family, who cared for me like the most precious thing in the world, I healed and learned to walk again.

I was supposed to move soon to my forever home after my adopters came back from their vacation. I was so excited and looking forward to it! Even though I've been happy and loved in my foster home, their change of heart left me feeling sad and uncertain.

Now my foster family is traveling for a long time, and I don't want to end up in boarding. I've come so far, and I'm dreaming of finding a forever home where I can feel safe and loved for the rest of my life.

I'm 3 years old, fully vaccinated, and will soon be spayed. I get along wonderfully with other dogs and have experience living in a loving home, so I'm ready to bring happiness and companionship to your life.

Could you be the one to make my dreams come true? I promise to fill your days with love, hope, and joy. 🐾❤

ZEUS

Furkids By Nagham Badawi

Hi Hello, I'm Zeus,

a survivor with a heart full of hope.

My journey has been a tough one. I was hit by a car and left severely injured, unable to walk. For days, I lay in the same spot, helpless and barely alive. A kind soul brought me water, and though I couldn't move, I managed to lift my head just enough to drink. That was my only lifeline.

Eventually, Furkids heard about me and came to my rescue. I was dying, but they gave me the chance I needed to fight back. After surgeries and a lot of care, I'm walking again—and every step I take feels like a miracle.

Despite my recovery, I'm still traumatized by everything I went through. I'm afraid to leave my foster home because it feels like my safe haven. I get scared when I think about walking in the streets, worried that I might get hit by a car again. But deep down, I know I can learn to trust and feel safe with the right family by my side.

I'm a gentle boy who just needs patience and love. I'd love for you to teach me how to trust again and help me feel confident in the world. With your kindness and understanding, I know I can heal completely—inside and out.

Could you be the one to give me a second chance at life and help me find my forever home? 🐾❤️

Hello i am Hana

Ha bundle of energy and love with a story to share! When I was just a puppy, my family left me. At first, I stayed near their house, waiting and hoping they would come back for me. But as I grew a little older, they put me out on the street and moved away. I didn't know where to go or what to do, so I stayed there, waiting. A kind neighbor noticed me and brought me into her courtyard. She tied me there because she couldn't bring me inside, but at least I felt a little safer. Unfortunately, her husband was unhappy about it, and one day he released me back onto the street.

I spent my days wandering, unsure if anyone would ever care for me again. But then, Furkids reached out to the kind lady and arranged for my rescue. That was the day my life began to change!

I'm a super energetic girl who can jump sooooo high—I'd make a great athlete if you let me show off! I'm also a little naughty in the cutest way and absolutely adore being around people. I promise I'll fill your days with laughter, love, and plenty of fun.

Now, I'm dreaming of finding a family who will love me forever and never leave me behind. Could you be the one to give me the home I deserve? 🐾❤️

A very sweet and kind boy!

I was born in a farm where they use my mom and dad for breeding, no life living in closed kennels, small cages, only going out for some training for racing...other than that i live in a jail, no love no tenderness no friends even... I had a very hard time living there and was always curious about how life is outside, normal life in a family that cares and love their pets. Thank God, i have been rescued by Furkids and moved to a small shelter living with other dogs who became my best friends now, i start feeling alive and enjoying my days out of that jail... But as much as I'm grateful for my new friends, I dream of having a home of my own. I dream of having my own bed, having my owns toys, going out for walks with my new family and being finally loved for real...

Could you be the one to give me the forever home I've been dreaming of? I promise to fill your life with fun, loyalty, and lots of love. 🐾❤️

Hello, I'm Joey,
 a shy but loving Golden Retriever with a story of hope. For the first three years of my life, I was locked in a room outside, never socialized or given the chance to experience the world. When my owner decided to relocate, they dropped me off at the police station, leaving me terrified and unsure of what would happen next. I'd never been out in the world, met new people, or even had the chance to just be a happy dog. Thankfully, the Furkids team stepped in and gave me a second chance. I've been living with an amazing foster who has taught me what it means to love and be loved. I've learned how to enjoy life and be a happy dog again. I might still be a little shy when I first meet you, but give me a bit of time, and I'll show you just how fun and loving I can be.

I'm good at walking on a leash, and I'm okay around cats. I might try to play with them sometimes, but that's just because I love playing so much. I've even been great when my foster home had parties—I stayed calm and happy, even around lots of people. My foster family is traveling soon, and while I'm so grateful for everything they've done for me, I really hope to find my forever home before they go. Could you be the one to give me the love and stability I've been dreaming of? I promise to fill your days with joy, loyalty, and plenty of tail wags. 🐾❤️

CHASE

Furkids By Naghavi Badavi

Hi i am chase ,

a playful and protective pup with a big heart!

My story began when my family left me behind, dumping me near a highway. I didn't know what to do or where to go, so I wandered until I found a kind lady who was feeding stray cats in the area. I was so hungry that I started eating from the cats' food, but I had to protect it because I was scared I wouldn't find food again.

Even though I was nervous and unsure, I loved playing with her little daughter whenever they came by. Those moments gave me a little hope and reminded me of the love I was missing. Eventually, the kind lady couldn't bear to see me struggle anymore, so she rescued me and gave me a chance at a better life. Now, I'm staying in a boarding place where I've been enjoying playing with other dogs and discovering what it's like to feel safe again.

But as much as I'm grateful for my new friends, I dream of having a home of my own. I'm a very cute boy who loves people, but I still don't like to share my food—I learned to protect it when I was on my own. With a little patience and understanding, I know I can thrive in a loving home.

Could you be the one to give me the forever home I've been waiting for? I promise to fill your life with fun, loyalty, and lots of love. 🐾❤️

NANA

Furkids By Naghavi Badavi

Hello, I'm Nana,
 a loving and loyal girl with a story to share.
 My journey began when I was abandoned, left all alone with nowhere to go. One day, a kind lady was out walking her dogs, and I couldn't help but follow her. I was so eager to be with her that I waited patiently for her to come back after dropping her dogs off. When she returned, I jumped straight into her car—I knew she was my chance at being saved. I've been lucky to spend some time in a foster home, where I loved my foster dad dearly. I was so glued to him that I followed him everywhere. Unfortunately, the cats in the house weren't too happy about me staying, and since they were there first, I had to move on. Now, I'm in a boarding place, but it's not the same. I miss feeling loved and having someone to cuddle with—I adore cuddles and thrive on affection. I'm also very smart and excellent at walking on a leash. People say I'm from a breed known for K9 work, so with the right training, I could be your best friend and a companion as loyal as a police dog. All I want is a home where I can feel safe and loved, where I can show you just how much I have to give. Could you be the one to make me part of your family? I promise to fill your life with love, loyalty, and plenty of cuddles. 🐾❤️

If your application matches the requirements of the dog, a meeting will be arranged with all family members to observe interactions.

03

"If we both agree to move forward, adopters are kindly requested to cover the advance or current invoice for the dog's vaccines and spay/neuter at the clinic (typically ranging from 500 to 850 QAR). Alternatively, if there is no invoice for the adopted dog, we appreciate a small contribution towards our medical expenses at the clinic. A vet invoice will be provided for transparency."

The dog will be dropped off by the rescuer for a home check and a two-week trial. If everything goes well, the adoption is completed, and the pet passport can be collected from the clinic.

Fostering

Definition

The foster caregiver provides a safe, loving environment for the dog until a permanent home can be found. This temporary arrangement allows the dog to receive necessary care, socialization, and love while awaiting adoption, thereby easing the burden on shelters and increasing the chances of successful placement into a forever home.

Our Responsibility

1. Providing all necessary expenses for food, supplies, and veterinary care to ensure the dog's health and well-being.
2. Transporting the dog as needed, including driving to veterinary appointments or other necessary destinations.
3. Actively seeking out potential adopters and facilitating meetings between them and the foster dog.
4. Arranging all logistics related to the adoption process, including paperwork, home visits, and follow-up appointments.
5. Providing ongoing support and guidance to both the foster dog and potential adopters throughout the fostering and adoption process.

Your Responsibility

Foster responsibility entails ensuring the dog receives at least two 30-minute walks daily with a leash, prioritizing the safety of the dog, promptly informing us about any emergencies or updates, refraining from handing the dog to anyone else without prior knowledge, and showering the dog with plenty of love and affection, including lots of kisses.

"Your compassion in fostering not only changes lives but also fills the world with hope. Thank you for making a difference, one furry friend at a time."
